Respected Sir,

Few persons in howrah is targeted only to me from the day of election 2024 and causes mirchi powder attack to lynching by doing eve teasing to females.

The other incident which few persons started saying by names and also by saying of telecommunications words, how is it possible if any person spoke via. Telecommunications then such words is known to others in the year 2024 by saying such words in preplanned conspirational attack of manipulations.

I think someone or from kolkata police or from cid is doing hacking of telecalls which causes threatened at first by pims department employee who claimed as kolkata police earlier but after complaining to CBI, such employee whose name is victor is threatened to kill me.

If police or cid is not following any judicial law then how do you expect anything from public.

Thank you,
Ritesh Kumar Khemka,
Human Rights Officer.
